Team

Please see email below from Anand Thomas congratulating the Alliance on the successful completion of the commissioning of the Down Line.

Well done everyone – it is a great credit to everyone to receive an email like this.

Kind Regards

Norman,

I am writing to express my appreciation to the RLA team on the successful completion of the Down slew. The works in the lead up to the Sept–Oct 2010 shutdown were carried out to a high quality and the final slew was completed to RailCorp's and TCA's satisfaction. The driver of the first train on the newly slewed track certified the run as "smooth". This is the best feedback that the 'constructor' of a rail line could receive from the 'operator'.

>From a TCA point of view, it was one of the most stress–free commissioning events I have been involved in and this is a reflection of the RLA's expertise in the management and execution of such events.

I look forward to the RLA continuing the same, if not a higher, level of professionalism through to project completion and handover.

Please congratulate the RLA team on my behalf and thank them for their hard work.

Regards,

Anand Thomas
